

Quick and Cute Tuffets

This little gem comes together quickly using the Creative Grids 15-degree Triangle Ruler!

18" Round, Height varies

Supplies Needed:

\$11 class fee - includes pattern and covered button.

Rotary Cutter and Mat, Long Ruler

Basic Sewing Supplies, 1/4" Foot

Thread to match

Strong Twine and Pencil

Staple gun and staples (bring it if you have one - we will share)

*** Optional - Creative Grids 15-Degree Ruler - available for purchase from instructor for \$20. Erin will have a few available for student to use if they choose not to purchase the ruler.

You Will Also Need:

These following items do come in a kit available for purchase from the teacher, Erin Underwood, for \$100. Please contact her in advance.

Or you can find them yourself - see resources.

- 18" round circle of plywood
- 4 pre-made legs and hardware to attach them (samples used Waddell Straight Top Plates from Lowes to attach)
- Foam - 6" high 18" round circle (Erin may have these available for \$25 - if its the only item you need, please check in advance) Or Foam can be purchased by the sheet: if 8" high is preferred, get 36" of 4" tall foam; for 6" high tuffet you can also use 36" of 3" tall foam and we will cut the circles in the workshop.

Contact Erin Underwood

Black fabric to cover bottom (optional)	1/2 yard or 1 fat quarter
Batting	2 squares 40" x 40"
Fabric to cover button (provided in class)	one 4" square of fabric

Resources

Home Depot and Lowes both carry 18" precut round pine boards and assorted ready-to-finish legs. Lowes tends to keep the hardware to attach the legs in stock. You may have to go on-line to find them at Home Depot.

Foam Factory, an on-line store, offers precut foam if you do not wish to prepare it yourself in class. They offer a maximum height of 6". <http://www.foambyemail.com/conventional-seats-and-cushions.html>

Pre-finished legs. Make sure you have the correct hardware to attach legs.
